After school catch up sessions

It was lovely receiving messages from some parents thanking teachers for running the after school catch up sessions which started this week. These are additional after school small group Maths and English sessions to help children catch up on some of the learning they have missed due to last year's school closure during lock down. Each half term teachers will choose a different group of pupils so that all children can take part in these catch up sessions by the end of this academic year.

What to do if someone in your household displays coronavirus symptoms?

If you, or your child, has any of the main symptoms of coronavirus (COVID-19), get a test as soon as possible. Stay at home until you get the result.

Main symptoms

The main symptoms of coronavirus are:

- a high temperature – this means you feel hot to touch on your chest or back (you do not need to measure your temperature)
- a new, continuous cough – this means coughing a lot for more than an hour, or 3 or more coughing episodes in 24 hours (if you usually have a cough, it may be worse than usual)
- a loss or change to your sense of smell or taste – this means you've noticed you cannot smell or taste anything, or things smell or taste different to normal

Most people with coronavirus have at least 1 of these symptoms.

What to do if you, or your child, has symptoms

If you, or your child, has any of the main symptoms of coronavirus:

- Get a test to check if you, or they, have coronavirus as soon as possible.
- You, your child, and anyone you live with should stay at home and not have visitors until you get your test result – only leave your home to have a test.
- Anyone in your support bubble should also stay at home if you have been in close contact with them since your symptoms started or during the 48 hours before they started.

Educational Psychology Service - Telephone helpline for parents and carers

HILLINGDON LONDON *Do you, as a parent or carer feel that you need someone to talk to about how you can cope during this challenging time for families?*

Hillingdon Educational Psychology Service is providing a helpline for any parent or carer of children, who feel they would benefit from a consultation with a psychologist to support them with any concerns arising at this time, for them or their families.

Area of concern you may wish to discuss may include:

- Anxiety around the current situation and its impact on your children and family;
- Supporting you to support your children's emotional needs;
- The impact of change, loss or bereavement;
- How to best look after yourself so you can look after your children.

The concerns can be related to school or family life. If you would like to access this service, please email educationalpsychologyservice@hillingsdon.gov.uk with the following information:

- Your name;
- The telephone number you would like to be contacted on;
- The name of your child's school;
- Times and dates you are **not** available for a consultation;
- A brief description of what you would like to focus on in the consultation.

We will aim to get back to you within two working days to confirm a date and time for your consultation. The consultation service will, **as far as possible**, be confidential.
