Tea time talk

This year, we are continuing to work with Voice21, a charity that supports schools to develop oracy. Oracy is the ability to articulate ideas, develop understanding and engage with others through spoken language and listening. Oracy skills set children up for success in school and life.

In order for children to develop their oracy, we need to provide them with lots of opportunities to practice their speaking and listening, which we do regularly in school. We will be sharing a discussion question each week in the newsletter to also provide you with a chance to have an interesting discussion with your children and support their oracy at home. This week's home discussion question is:

'It is better to give than to receive.'
