Tea time talk

This year, we are continuing to work with Voice21, a charity that supports schools to develop oracy. Oracy is the ability to articulate ideas, develop understanding and engage with others through spoken language and listening. Oracy skills set children up for success in school and life.

In order for children to develop their oracy, we need to provide them with lots of opportunities to practice their speaking and listening, which we do regularly in school. We will be sharing a discussion question each week in the newsletter to also provide you with a chance to have an interesting discussion with your children and support their oracy at home. This week's home discussion question is:

"Spiderman is the best superhero."

Spellings

During Monday's Teacher Training Day, teachers spent time looking at our new approach to teaching spellings (Read Write Inc. Spelling). It teaches spelling cumulatively and systematically with deliberate, focused practice, building on the teaching strategies and spelling activities from Read Write Inc. Phonics.

Instead of weekly spelling tests, each week we will send home a handwriting sheet with some words, linked to the spelling rules children are learning in class, for children to practice writing. Each half term, teachers will carry out a mini assessment of the spelling rules taught that half term to identify next steps for teaching.

Emotional literacy

Our children learn essential social and emotional skills through The Happy Confident School's Feelit! Programme. This includes conflict resolution, communication, and empathy, which help them to get along with their peers and develop positive relationships. The programme involves learning about the 12 feelings words below in each year group. This term, children will be discussing how each word makes them feel.
